

6th CICA-STR International Conference on Terrorism and Aggression: Towards Increased Freedom and Security
<http://conference2012-str.eu/>

September 8-11, 2012
Burgas, Bulgaria, On the Black Sea

You are invited to submit proposals for papers, posters, and symposia to be presented at the 6th Annual CICA – STR International Conference, to be held September 8-11, 2012 in Bourgas, Bulgaria. Proposals presenting theoretical, empirical and applied content are welcome from all behavioral science perspectives to emphasize the importance of integrating theoretical frameworks and findings from multiple disciplines. Proposal content can cover a range of related topics including, but not limited to:

- New security challenges
- Arabic revolutions
- Psychological and social impact of aggression and violence resulting from diversity, social economics, war, media exposure, and /or terrorism
- Practical approaches to prevention and/or intervention of aggression, violence and/or terrorism
- Dynamics of terrorism on national, regional and international levels
- Implications of racial and ethnic diversity on aggressive, violent and/or terrorist behavior
- Transfer of empirical research on aggression, violence, or terrorism to practical prevention and intervention practices at local to global levels
- Suicide terrorism
- Gender and violence
- Alternative dispute resolution
- Conflicts in the post-communist world
